Officers were re-elected to another term as follows:

Larry Coble, Vice-President

Hal Royer, Treasurer

IV. Projects Updates

a. Hershey Meadows

Construction was completed this fall. We are pursuing potential for CREP on the project to plant a forest buffer.

b. Wenger Buffer

We continue to help with maintenance on the site. Early spring, we will need to straighten tree tubes and replace stakes before the growing season.

c. Conewago Initiative

Grant was awarded to Penn State last year to fund this partnership effort. Penn State held a watershed tour last fall. Matt, Hal, and Mike helped host. Showed them the Hershey Meadows site as well as the Wenger Buffer. Conewago Initiative project advisory team will begin meeting on a regular basis in 2010. This should result in significantly more funding and attention for the Conewago watershed.

V. Priorities/Projects 2010

The following were discussed as potential priorities and projects in 2010:

- Hershey Meadows live staking
- Native tree nursery

- Earth Day at Aberdeen
